

## A \$ 50,000 Contribution towards the Renewal Project from a Company also rooted in history

---

The Fundraising Campaign Committee is pleased to announce a new partnership between the North West Company and the Saint-Boniface Cathedral Parish. An important factor for both parties within this partnership was the common vision on heritage.

### *Delivering on our promise*

Since 1668, the North West Company has been a lead retailer of food and everyday products within rural and urban communities across Canada, Alaska, the South Pacific and the Caribbean.

“Because of its history, The North West Company is an important stakeholder within the St. Boniface precinct and we are happy to have them on board as a funder and also as a partner to help us, along with other stakeholders, develop a greater vision for the St. Boniface Cathedral,” said Archbishop Albert LeGat.

“The North West Company has a long history with the St. Boniface precinct dating back to the early 19th century and we are very proud to be part of this exciting restoration project,” says David Lui, Director, Marketing Services.
